

SPORT PREMIUM FUNDING

What is 'PE and Sport Premium funding'?

The government provided additional funding of £320 million per annum for the academic years 2017 to 2019 to improve the provision of physical education (PE) and sport in primary schools. Indicators suggested that 1 in 5 children are leaving primary school overweight. The funding has been provided to promote and encourage children to participate in a range of physical activity both in and out of school to prevent these concerning statistics coming to fruition.

PE and Sport Premium funding has been provided jointly by the Department for Education, the Department for Health and Culture and the Department for Media and Sport. It has been allocated to primary school Headteachers and is ring-fenced to be spent on the provision of PE and sport in schools.

The Government believes that Headteachers and school leaders should decide how to use the funding for PE and Sports in school. They are held accountable for the decisions they make through:

- The performance outcomes of all pupils compared with their peers
- The Ofsted inspection framework, under which inspectors focus on the attainment of pupil groups, in those areas where specific funding has been provided
- The reports that schools are required to publish online for Parents

In 2017/18 all primary schools received £16,000 plus £10 per pupil aged 5 or over on roll, over two payments. Here at Dickleburgh C of E Academy we aim to use the funding effectively to ensure that standards of learning and achievement in PE and Sports are raised for all children, regardless of their background, enabling them to engage in physical activity as part of the curriculum and extra-curricular provision.

Since the introduction of the PE and Sport Premium, Dickleburgh C of E Primary Academy has used the funding to employ specialist PE teachers to work alongside staff, using a coaching method. Exemplar planning has been produced, PE sessions have been modelled and taught alongside coaches and strategies for assessment have been shared. Sports clubs, tournaments and competitions have been subsidised allowing a wide range of sports activities to be offered to the children. PE and sporting equipment have continued to be replaced and enhanced.
